

RATIONALE

Positive relationships within the school community give children a greater chance of having a successful educational experience. It is important students, staff and parents work together in solving any issue or concern that may arise. In the event of a grievance/complaint the following procedures should be used.

SCOPE

Principles of our procedures:

- Everyone should be treated with respect;
- Issues or concerns at school with other students or parents need to be resolved through the school;
- It is never appropriate anytime at school for a parent to directly approach a child/ren or their parent/s over a concern or issue even if the concern or issue is not school related;
- Meetings to discuss grievance/complaints will be suspended if any person behaves in a disrespectful or offensive manner.

You can assist in the resolution of the grievance/complaint by:

- Addressing the issue, rather than trying to ignore it;
- Stating your concern/s clearly and objectively, giving specific instances where appropriate;
- Seeking a solution that attempts to meet the needs of all those concerned.

Our commitment when a grievance/complaint is raised:

- We will listen to the concerns with an open mind and seek to understand;
- We will maintain confidentiality;
- We will investigate any relevant issues carefully;
- We will be committed to resolving the grievance/complaint in a respectful manner striving to be as fair as possible;
- We will attempt to communicate clearly, sensitively and objectively;
- We will establish timelines for actions and review for any resolution (if required).
