

Accessing Google Classroom from Tablet or Phone

This guide will show you how to login and access google classroom using a Tablet or Phone Device. This Guide is intended for Greenwith Students Accessing Google Classroom.

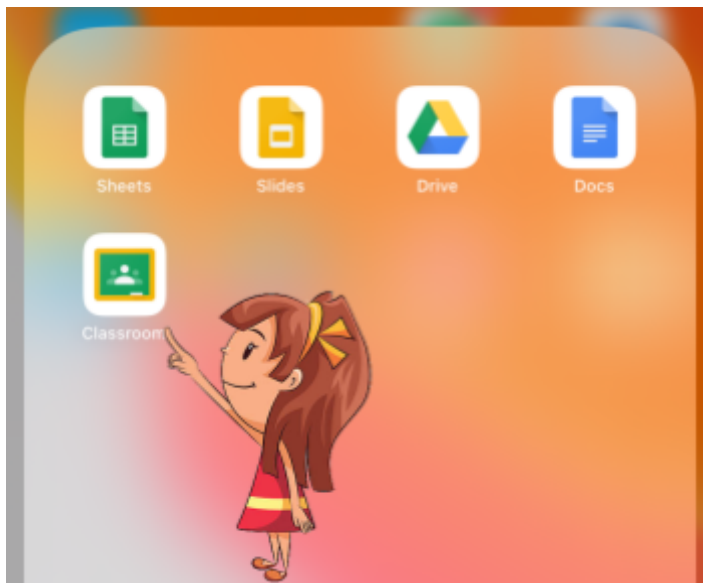

These instructions are created using an iPad, Android devices should be similar.

For Chrome instructions please refer to Accessing Google Classroom from Home using Chrome/Chromebook

NOTE: You should download and install the following apps onto your device

- Google Classroom
- Google Drive
- Google Docs
- Google Slides
- Google Sheets

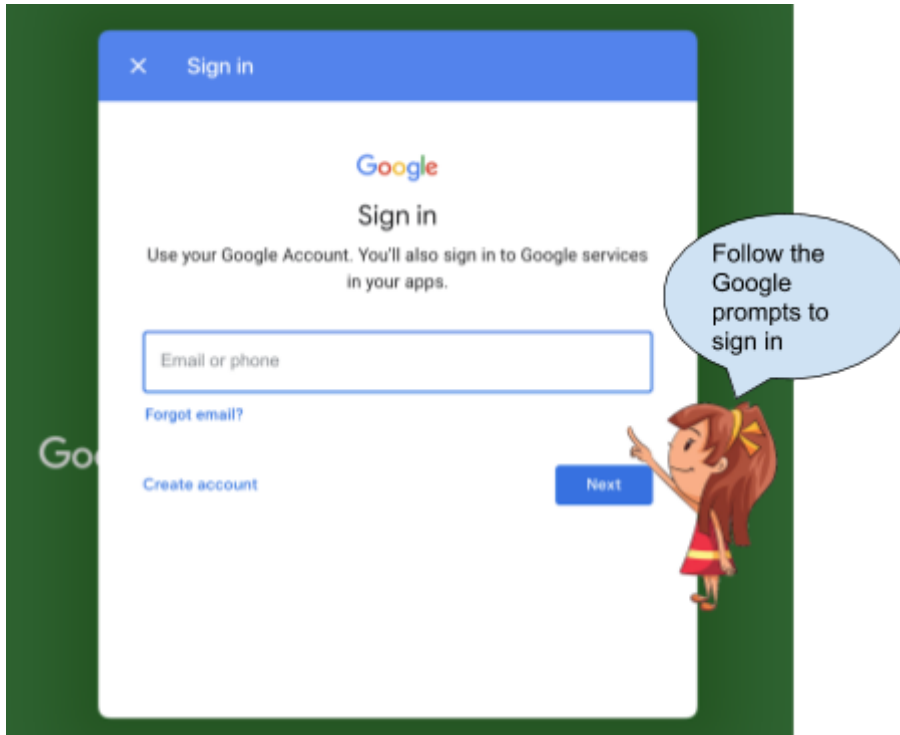

Step 01: Run the google classroom App

- If this is the first time running google classroom you may be asked to sign up for emails, remove the tick and click get started
- If you get asked to allow notifications press allow so you receive notification when your teacher updates the class.

Step 02: Sign in with your Greenwith Student Google account

NOTE: if you are already signed in you will skip this step, but make sure you are signed in with the correct Greenwith Student Google account, refer to Appendix A to check.

Step 03: Accessing your class

Tap on the class you wish to access.

Appendix A

To make sure you are signed in with the correct Greenwith Student Google account
